“ Talk to you later Carolyn.....I will miss our conversations about the old days at grandma and grandpas Reeves . We had many memories to talk about . I know you were thankful to your precious girls and they were dedicated to you. I know I sent a memory several days ago but don't see it on the page. Nevertheless, I could talk a long time about our adventures. I was older than Carolyn and Ann so they LET me be boss most of the time. We all got along. so thankful for our family and will miss you but look forward to seeing you again. Love Tutti

“ Its hard to believe that our Mom is gone. She was such a strong person whom always made a come back time after time with her health issues . During these last couple weeks we sisters all pulled together and help her thru this last stage of life where she was surrounded by love. Mom had a tuff persona but really she was a giving caring person. She tried to help everyone she knew out if she knew there was a need. She will be missed. I love you Mom Shirley
