“ Becca,

You and I met when I was in the Army at Fort Bragg. We were a special part of each others life. You brought me into your family and I was able to be a part of seeing the love you have for Spencer. Gosh what a great kid and such a fun time we used to have. Unfortunately I had to leave and we lost touch. I always hold you and Spencer in my heart. I was going through some pictures and found a picture of Spencer and Battle at the Military Christmas party we took him to. Rebecca you are truly an amazing person and I love you for that! I know you are always watching over us and Spencer. Funny how all of my memories with you are surrounded by Spencer he was and is your world. I wish I could see you one last time, talk to you...I hope you have found peace.

Love always and forever,  
J.Z

“ Becca my dearest friend I miss and love you so much. You were always so good to me and so very thoughtful to everyone. I only wish I could call you and we could go shopping or just sit and have coffee together like always. There is no other like you and I know God knows what a wonderful human being he helped to create. Not only were you so beautiful on the outside - the inside was even more beautiful. I am truly blessed to have known you and been best friends with you. Thank you for understanding me and for all the very special times we had together to laugh and cry, but always feeling safe to tell it all and never worry about the safety of a trusted friend. I know you now have that peace and happiness you so desperately longed for - it's not the way I wanted you to find it - but I know you are okay now.....I think of you every single day and just look up at the sky and think how fortunate I was to be part of your life for a time. Rest now sweetie...feeling emotional right now....

“ She was my mother. She always told me how she had fallen madly in love with me the moment I was born, and tried unbelievably hard to make sure I was brought up wonderfully. I thank her for making me the happiest that I could be.

“ My dearest friend. We have known each other for less than a year. No matter what time I called you, you came where I was. We laughed. We chatted. We enjoyed each other. The last text I got from you said that we need to go to the beach to just be girls. I never thought that trip wouldn't happen. I miss you so much. I am happy that you are not in any pain and I am sad that we didn't get to enjoy each other more. You loved your son so much. I see his pics on Facebook and you guys have the exact same eyes. I know if I ever meet him, I will remember you. I am so thankful that we met. You had the most giving soul. Peace be with you, my friend. Love you. N.G.
