“ My dear brother, how I was so proud to be your sister. Although we did not see one another over the last few years, since you quit driving over the road, we certainly burned the phone lines. I will surely miss our phone conversations and remember everything you taught me about football. I loved you brother and will surely miss you as I am sure so many others will also. I am so glad that you knew our Lord before going home to be with Him and all our loved ones who went ahead of you. I will see you again one day so in the meantime Rest in Peace, Donald. I love you, Earlene
