“ Jordan is my nephew. He was the most kindest soul. I can still hear him say “I love you aunt Tika” I will miss him so very much and I will always love him so very much. He has brought so many smiles to peoples faces by just being him. I wish there was a playback button to rewind a little bit however there is not. I have peace and knowing that Jordan is now home with the lord living his best heavenly life. I love you my sweet Jordan. Bless you always ❤️
