“ My mother was one of a kind. She was the sweetest, most loving & compassionate person you could ever meet. She did more for others than she would do for her own self.. she loved her family very much & adored our kitty (Kiki) who had been with her for 18yrs since moving from Europe to the States.

My mom had a love for elephant's.. she would tell me how smart they are & just how much emotion they have. The color blue was her favorite color & she loved visiting the ocean. She loved traveling the world to places like England, Germany, Paris France & more.. she adored her animals, she loved to work with computers, she loved photography & she loved all kinds of music.

My mom was not just amazing, she was beyond amazing. She was perfect. Our mother was the best in every way possible. ♡

I love her & miss her so much & so does my son Scotty, he's 4 & calls her on his fake phone everyday to talk to her. ♡♡

“ I like to believe Linda is now in the arms of her grandparents Grandma and Grandpa Lockwood, her dad , Paul, and her mother, RuthAnn. May she rest in peace as she has suffered too much for too long. She will be missed.

“ When I think of Linda my memory of her is an open friendly spirit who gave me an easy comfortable feeling whenever I was around her. It's been a long time since being around her...at least 40 years, I think, but I can still see her caring eyes and heartfelt smile. Her and Cindy would be hanging out at our house or in her room on Shrewsbury and I would find some excuse to come in just because I liked being around her and always felt kind of connected somehow. I remember her ferocious little dog that if I acted like I was threatening Linda, she would go berserk trying to protect her, (So I'd do it on purpose) Those were fun days, listening to " A Hard Day's Night", and all the music of our teenage years. She never ever said a harsh word to me...I always really liked her.

I'm happy I got to speak to her on the phone at Uncle Paul's bedside when in Ohio a couple years ago. She had that same little voice, but big warm texture to her that I could even feel through the conversation and brief reminiscing. I will definitely miss knowing that she is still in our world, but I'm assured, as well as the rest of our family, that her spirit is still smiling somewhere, Wherever that might be... thank you Linda for being in my life.

“ I only knew Linda for a short time. But in that time I got to see a loving, caring person that did her best to shine a bright, positive light on all who knew her. She was truly a blessing to those around her. She will be dearly missed. I'm so sorry for your loss. Truly a wonderful woman.

“ So sorry to hear about Linda's passing. She was a kind, funny and loving person. I remember some of her favorite things like making Dinty Moore for her younger brothers and sister or poached eggs in a glass with bread or just a batch of cookies, She was always doing her modern dance leaps from the hallway into the living room and she loved singing her favorite Chad and Jeremy songs! My heart goes out to the family she left behind. My prayers are with you.
