WS

“ I'll miss all our laughter and love you showed throughout the years of us growing up together. You were the best cousin. I'll also miss being able to spend more time together and making more memories. I accept that will not happen as God had a better plan. You're no longer in pain or suffering. I know our family members welcomed you at those perly gates. Celebrate with them as we'll all be reunited one day. RIP my Angel 🙏❤️
