“ It was certainly my pleasure to meet and spend time with Buddy. It was our work lives that brought us together, however being in Missouri it did not allow us to see each other often. I realized very early that Buddy was a person whom I could learn a great deal from. Our work responsibilities, nearly identical at different locations. The truth of it is that I have told Buddy that I admire the way he worked with, treated, and cared about people. The sad part is that I wish I would have told him that more often and more recent. The humor of it, which I know I had shared with him, is even though he was only three years older than me, I tell my team that “when I grow up I want to be more like Buddy”. The world is a better place as a result of Buddy’s time here.

“ *Buddy was a rare gem, a person whose kindness knew no bounds and whose laughter was infectious. He had the unique ability to walk into a room and, within moments, make everyone feel as if they were the most important person in there. His friendship was a gift. Thank you for the privilege of knowing you, for the time we shared, and the countless ways you enriched our lives. Buddy you will be missed.*
