“ So sorry I missed your memorial my dear old friend. We grew up together with many mutual friends, good times and some not so good. But will always remember the good, decent, loving and caring person you presented to me and many others

“ Tommy was an excellent neighbor who would do anything for us. I never had to worry when I was home alone cause he always kept on eye on our house. He made friends with our dog, Sweet Pea, by giving her a sandwich, after that he was her best friend! I miss him terribly and am constantly looking for him when I go outside.

“ I have so many memories a heart full of them. I say heart because Tommy made not just memories that stay in your mind but the kind that lives in your heart. My heart is full but breaking at the same time because as many memories as I have in my heart and in my mind we had plans for so many more. So until we meet again my best friend our plans are on hold. Every time I see the sun rises and set I will think of you my friend because I know just how much you love to watch both. Hug's everyone.

“ Not much beat a weekend with the Welkers growing up. Staying up late with Tommy meant we got to watch movies and listen to music. And hear his stories. But dear Lord don't let us wake him up the next morning. :D Tommy was a dad for me when I needed one. I will never forget his love and kindness. Till we meet again. Hugs my mamas neck for me ❤️
