“ Munz Clan,

On behalf of all Wayne's buddies from the YMCA (staff & members) - we have lost someone very special to us! Wayne was loyal, bright, funny, & no nonsense with compassion. He could build, fix, improve on, figure out...anything.

Keep all those great memories of Wayne as he rests in perfection & know we are all thinking of you...

God Bless! Denise Petty

“ Chief Munz stood up for me when all others around me at the moment condemned me. I was an alcoholic in the Navy when they drummed you out rather than helped you out. I am not the only one... I heard stories of him doing the same for others. I am successful, sober, and happily married in large part because he saw something in me worth a damn when others just wanted me thrown away. He pushed me at a time I didn't understand why, but later on he gave me the will and courage to push myself... I figured if he saw something, and he was smart and had good vision (after all, he made the first PC I ever saw out of a kit!), then I was gonna find out what it was. I will forever be grateful for him having my back, and for his influence.

Rest in Peace, Chief. Your shipmates have the watch.

Been 5 years now, and I still think of him often. Much of who I am and what I have achieved is only possible because of his care and compassion, Leadership and love.
